The Brazilian Practical Shooting CConfederation
Mr. Demetrius da Silva Oliveira
President of Brazilian Practical Shhooting Confederation
IPSC Regional Director in Brazil
www.cbtp.org.br

Dear Demetrius,

Replying your email query over C Coompetitor Status:

As per Rule 6.5.1, **ALL** competitoorrs and officials **MUST** be members of the IPSC R Reegion. The Region is always one and this is tthhe central organization (i.e National Federation) wwh hich is affiliated to IPSC.

Some Regions have one Nationall organization with the individuals directly as mem mbbers, whereas other Regions have area organizaations where the individual competitors are memb beers, and these area organizations form the Natio onnal Federation to which affiliation is granted by IP PSSC.

The internal region's status, i.e. h hoow it is arranged with membership and relevant feeees, depends entirely to the higher level organizzaation to determine. If the RD who is the head of thhe IPSC affiliated central organization recognizes orr not a competitor as a member, it is his own absosollute right to do so, as far as IPSC is concerned.

In any case, the sole criteria for IPPS SC to recognize a competitor as an IPSC membeer is if the IPSC affiliated body of the Region recoggnizes the individual as a member in good status. .

For a match to be recognized as IIPPSC match, it must comply strictly with the Rules s which must be applied universally, from the basic c Level I to the ultimate Level V.

Sincerely yours
DVC
DimitriosTzimas
IPSC Secretary
