INTERNATIONAL PRACTICAL SHOOTING CONFEDERATION

MATCH ORGANIZATION

2019 LAHC SLOTS ALLOCATION PROTOCOL

FOREWORD

The slot allocation is managed by the Executive Council of the IPSC in coordination with the match organizer and the Regional Director of the region where the competition is organized.

The pre-match slots are reserved for Match Officials (approved by the Range Master), match sponsors, IPSC Patrons and dignitaries (approved by the Match Director), who are members in good standing of their Region of residence, and IPSC Officers (as defined in Section 6.1 of the IPSC Constitution).
The maximum slots available at the main match for 24 Stages level IV competitions are as follows:
Handgun (16 shooters/squad): 4 days = 768 – 5 days = 960

1 - SLOT ALLOCATION PRINCIPLES

The Level IV main match slots allocation is based on the following principles:

- Between 10 to 30 slots are reserved to the Patrons

- The remaining slots are reserved to the regions

To promote development, each Region is entitled with 4 slots at the main match to register at least one team (4 shooters registered in the same Division in any category) under the condition that the Region was in voting position at the previous IPSC General Assembly (per capita fees equal to 100 members or more).

If the Region cannot register a Team (not enough shooters in the same division), only 2 slots are allocated.

If the Region mentioned over wasn't in voting position at the last IPSC General Assembly, so only 2 slots are allocated.
All the other slots are allocated proportionately in function of the average of per capita fees paid by each Region during the past 3 years.

Example:
If there are 500 slots available for a total of 10 000 members worldwide, the factor calculation will be: 500/10000 = 0,05
If a Region X (in voting position at the last GA) = 1000 members, then the slot allocation is: 1000 x 0,05 = 50 slots
The final slot allocation for the Region X is:
4 slots (Region in voting position) + 50 slots as per capita ratio – Total = 54 slots:

2 – SLOT DISTRIBUTION

After calculation, the IPSC administration advise the match organizer and the regions of the number of slots allocated.

- **1st Distribution (1st round)**

- 4 slots are allocated to all the voting Zone Regions, who paid for 100 or more members.
- 2 slots are allocated to the Zone Regions, who paid under 100 members.
- 100 slots are allocated to the non-zone Regions for a maximum of 4 slots per Region at the first distribution.
- 30 slots are reserved to the IPSC Patrons.
- The rest of the slots are allocated to the Zone Regions following the per capita ratio calculation principle.

The IPSC administration send a letter to all the Regional Directors to indicate the number of slots allocated, the Bank coordinates of the match organizer, the options concerning the wishes of the Region concerned as:
- Accept ALL of the slots as allocated (no returns, no extras)
- Accept ALL of the slots as allocated AND request additional slots
- Accept SOME of the slots as allocated, and return unneeded slots
- Accept NONE of the slots as allocated

and the deadlines fixed to provide the wishes from all levels and make the payment.

All the slots allocated at the 1st slot distribution who aren't reserved before the deadline will be allocated at the 2nd slot distribution

- **2nd Distribution (2nd round)**

The unused slots from the Zone Regions and the IPSC Patrons will be whether distributed to the Zone Regions, if possible in function of the requests, or following the per capita ratio calculation principle.

The unused slots from the Non-Zones Regions will be whether distributed to the Non-Zones Regions, if possible in function of the requests, or following the per capita ratio calculation principle.

- **3rd Distribution (3rd round)**

All the remaining slots will be whether distributed to the Zone Region, if possible in function of the requests, or following the per capita ratio calculation principle or given back to the match organizer.
